(54) SMOKING DISLIKING TROCHE

(57)Abstract:

PURPOSE: A smoking-disliking troche comprising specific amounts of pine needle powder, pine needle extract, and pine resin, standing long-term preservation, emitting a smell of pine needle and pine resin when the troche is put in the mouth, making a tongue a flavor of tobacco strongly, and making the flavor of tobacco bad.

CONSTITUTION: The aimed troche containing 1W3wt% at least one of pine needle powder, pine needle extract (pine needles are immersed in water, or an alcohol, active ingredient of pine needle is oozed out, the oozed solution is filtered, concentrated by evaporation, and dried), and pine resin.
